bionex

SYSTEMS
## CUSTOM LABORATORY AUTOMATION

CUSTOMIZABILITY

Streamline your workflow and automate as much or as little as you want using the smallest footprint of any automated system

FLEXIBILITY

External access, docking tables, and a modular system design allows for future growth

ACCESSIBILITY

All our systems are designed to maximize accessibility for instrument loading, routine maintenance, and troubleshooting

What we can do for you

Custom Design	Optimized for your workflow challenges
Engineering	Custom engineering available
Support	HW, SW, and Applications
Service	BioNex and Agilent equipment and systems
